

# This Land is Your Land

E          A..  
This Land is your land  
A..      E..  
this land is my land  
E..      B7..  
from California  
B7..          E....  
to the New York Island  
              A....  
from the redwood forest  
              E....  
to the gulf stream water  
B7....                  E....  
this land was made for you and me

E..      A....  
As I went walking  
          E....  
that ribbon of highway  
          B7....          E....  
I saw above me that endless skyway  
          A....          E....  
I saw below me that golden valley  
B7....                  E....  
This land is made for you and me

E..          A....  
I roamed and rambled  
              E....  
and followed my footsteps  
              B7....  
O'er the sparkling sands of her diamond  
E....  
deserts  
          A....  
While all around me a voice was  
E....  
sounding, saying  
B7....                  E....  
This land was made for you and me
